**Welcome!**

The worldwide (!) Freecycle Network is made up of many individual groups across the globe. It's a grassroots movement of people who are giving (& getting) stuff for free in their own towns. Each local group is run by a local volunteer moderator (them's good people). Membership is free. To sign up, find your city by clicking on the region on the right. It will generate a automatic e-mail which, when sent, will sign you up for your local group and send you an response with instructions on how it works. Or, go directly to the webpage for your city's group by clicking on your city's link on the left. Can't find your city? It takes about ten minutes to start your own (click on "Start your own" for instructions). Have fun and keep on Freecycling!

The Freecycle Network is a project of RISE, Inc., a 501(c)3 nonprofit organization whose

mission includes reducing waste, generating employment training, and fostering cooperation between other nonprofit organizations and the public.

RISE started the Freecycle Network in May 2003 to promote waste reduction in Tucson's downtown and help save desert landscape from being taken over by landfills. Freecycle provides individuals and non-profits an electronic forum to "recycle" unwanted items. One person's trash can truly be another's treasure!

### How does Freecycling work?

One rule: everything posted must be free. Whether it's a chair, a fax machine, piano, or an old door to be given away, it can be posted on the network. Or, maybe you're looking to acquire something yourself? Respond to the posting directly and you just might get it. After that it is up to the giver to set up a pickup time for passing on the treasure.

Non-profit organizations also benefit from the Freecycle Network. Post the item or items you want to give away and a local organization can help you get it to someone in need.

### Who can Freecycle?

As Abe Lincoln once said, "Think globally, recycle locally." The Freecycle Network is open to all cities and to all individuals who want to participate. Freecycle groups are run by local volunteer moderators from across the globe who facilitate each local group - Grassroots at its best!
